Subject: Harbor Comments

The industry that made the mess must clean it up. Do not ask tax payers for this mess. We did not make the mess. Every teacher knows the, every parent knows this, when people clean up their own mess they will not be as likely to make another mess. HOLD THEM ACCOUNTABLE. REQUIRE THAT THEY PAY FOR THE CLEAN UP AND THAT THEY CLEAN ALL OF THE TOXINS UP. THEN INSPECT THE SITE TO BE SUE THAT THEY DID.
